

# Accessibility & Sensory Guide - Temporary Exhibit “Beyond Human Limits”

Learn about the minds and bodies of extreme athletes and the psychology, physiology, and physicality of the most extreme activities in the world.

- 👁️ **Visual considerations:** All signs are in English, with large print labels, and small print details. Labels are also in French. Many videos have audio without added descriptive language. Many touchable pieces are throughout exhibit.
- 👂 **Auditory considerations:** Multiple videos with audio sources throughout. All video screens are captioned in English with many having options of captions in French.
- ♿️ **Mobility considerations:** Wheelchair users have clear pathways to all locations. ALL technology interactives are accessible. Physical challenge exhibits will vary in accessibility depending on the type of challenge.
