**Space City's Holiday Tradition Galaxy Lights, presented by Reliant,  
is Open Now Through Jan. 1**

See a shooting star, the largest single decoration in Texas, set outside near the SpaceX Falcon. Space Center Houston's Galaxy Lights, presented by Reliant, transforms and illuminates the center with stunning space-themed light installations. Galaxy Lights, presented by Reliant, is an immersive holiday lights tradition bringing guests the most interactive and technologically advanced light display in Texas nightly Nov. 12 through Jan. 1. Tickets are on sale now at [spacecenter.org/galaxylights](https://spacecenter.org/galaxylights).

Galaxy Lights honors the International Space Station (ISS) with a Lights Around the World display surrounding the twice-flown SpaceX Falcon 9 rocket. See six aluminum 20-foot trees representing International Space Station partners including the United States, Canada, Japan, Russia and the European Space Agency surrounded by multicolor glowing stars among the SpaceX Falcon 9 rocket. The trees are decorated culturally as a tribute to each partner nation. Space Center Houston's Galaxy Lights, presented by Reliant, is an immersive holiday lights tradition bringing guests the most interactive and technologically advanced light display in Texas nightly Nov. 12 through Jan. 1. Tickets are on sale now at [spacecenter.org/galaxylights](https://spacecenter.org/galaxylights).

###

The Manned Space Flight Education Foundation is a 501(c)(3) nonprofit science and space exploration learning center with extensive educational programs. Space Center Houston is the cornerstone of its mission to inspire all generations through the wonders of space exploration. The center draws more than one million visitors annually, was named "Best Museum in Texas" by *USA Today* and generates a \$118.7 million annual economic impact in the greater Houston area. Space Center Houston is a Smithsonian Affiliate, the Official Visitor Center of NASA Johnson Space Center and a Certified Autism Center. More than 250,000 teachers and students from around the world visit the center annually to experience our educational space museum with more than 400 things to see and do. For more information, go to [www.spacecenter.org](https://www.spacecenter.org).
