

FACT SHEET

Girl Scout Camp-Ins

Space Center Houston engages Scouts in an interactive and hands-on learning environment. Scouts will have an enriched experience in our Scout Camp-In program that teaches young girls about the science, technology, engineering and mathematics involved with space exploration. Each Camp-In is tailored to the individual ages of the Scouts. The activities are badge-inspired, STEM-based and all about space!

About

Come experience Space Center Houston's all-new Girl Scout Camp-In activities. Immerse yourself in a setting where your imagination can take flight as you design, build, create, program and launch into a new world of opportunity and exploration. Demonstrate Girl Scout leadership skills as you work with your peers to solve the real-world problems NASA often encounters. How can you make an astronaut's job easier? How do you program a robot? How do you plan an astronaut rescue mission on Mars? Get ready to launch into an incredible experience in our new Girl Scout Camp-Ins.

Program Inclusions

- Buffet dinner served at Space Center Houston
- Welcome briefing in preparation for the night's activities
- Exciting, program specific, hands-on activities designed to build science, technology, engineering and mathematics skills
- Sleep overnight at Space Center Houston
- Buffet breakfast served at Space Center Houston
- Second-day general admission ticket, including a guided tram tour of NASA Johnson Space Center

Unique Organization-Specific Adventures

Our Girl Scout Camp-Ins are tailored to Scout ages with badge-inspired activities for Brownies, Juniors and Cadettes so you can earn while you learn.
